Gentlemen:

If it would not put you to inconvenience, I wish you would kindly give me the name of some foundry, or similar establishment where I could have a memorial bronze tablet made. The tablet is to be of moderate size, about 18" x 24".

Trusting you will pardon the irregularity of this request, I am,

Very truly yours,

Nelson Ogden,
Dept. of Structural Engineering,
Stevens Institute of Technology,

Mr. Nelson Ogden,

Dept. of Structural Engineering,

Steven's Institute of Technology,

Hoboken, New York.

Dear Sir:-

I received your letter of March 23rd. You can have a bronze tablet made by any of the following:

John Williams, 666 West 27th Street, New York.

Ricardo Bertelli, 275 Greene Street, Brooklyn, N.Y.

Gorman Company, 5th Avenue & 38th Street, New York.

Should you desire a tablet bearing a portrait or any particularly elaborate modeling, you, probably, could do no better than to go to Mr. Victor D. Brenner, 105 East 17th Street, New York. Mr. Brenner is a sculptor and, of course, his work would be distinct from the casting of the tablet.

Trusting that this information will answer your purposes, I am,

Very truly yours,

Director.
